#### Year in Review

Subject: impossible BUT God...

Content:

With Christmas approaching, we are looking back at 2021, and are incredibly grateful for you and all our faithful supporters.

The past couple of years have been quite the faith walk. Many days the only way to describe what was happening in our midst was that it was "impossible BUT God."

Day after day, God has been faithful to guide and direct towards the future He has for Abundant Life Ranch. And we've been along for the ride.

In the midst of His guiding, we were able to join Him in accomplishing some amazing things this year:

- 176 days of service (exceeded the PreCovid 2019 service days)
- 500 participants served
- 20 Ongoing Volunteers / 47 Project Volunteers
- 3110 Volunteers hours this year
- Installation of the kitchenette in the Gathering Room
- Installation of landscaping around the Gathering Room and Offices
- Completion of the horse pasture fencing

These numbers are important... because they equate to changed lives. Lives that were impacted on days when it seemed "impossible BUT God," showed up and met the needs of women, boys and girls.

While we have the privilege of seeing God rebuild relational health in our guests, we recognize it's only possible because of your help. Your continued support and partnership allow us to use horses to change lives. And for that, we are incredibly grateful and blessed.

As we approach the year-end, would you prayerfully consider how you might help us expand our influence and impact more lives next year?

Story 1 – Share what you stand for and tell about someone you impacted

Subject: Life is meant to be lived in relationship with others...

Content:

You were designed to live life in relationships with God, and with others.

For many of the women and children we serve, healthy relationships are not the norm. Hurt, scared, and without healthy examples, they struggle every day to relate with others.

As they work with the horses they learn about implementing boundaries and how to experience respect and trust in a relationship.

One of the ladies we served this year was Nicole. She visited with ORGANIZATION and struggled with healthy relationships.

Exhausted by the gang lifestyle, and ready for a change, the thought of visiting a ranch seemed like a waste of time. Until God brought a breakthrough in her life.

The teenage years are pivotal for young men to learn how to navigate new situations and develop leadership skills.

One of our ministry partners this year has been King's Corner School in Sanger. We've been blessed to provide a place for 6-8 grade boys from the school to come and develop these important life skills.

In the process, the teen boys have impacted our volunteer team almost as much as we have impacted them.

One of our volunteers named Kevin was impacted by his time with the boys. He recently shared with us about going beyond himself to volunteer and the impact of serving young boys.
